ALDER & LOOM

Delivery & garment care

PUBLIC | AL-PUB-04 | Version 2.0 | 11 November 2026

Delivery and order tracking

Service	Charge	Target after dispatch
Standard mainland UK	GBP 3.95; free at GBP 75	3-5 working days
Express mainland UK	GBP 6.95	1-2 working days
Showroom collection	Free	Ready within 2 working days

Dispatch cut-off

Paid orders received before 14:00 on a working day are targeted for same-day dispatch; later orders for the next working day. Stock checks and peak periods can delay dispatch. Targets are estimates, not guaranteed delivery dates. Working days exclude weekends and bank holidays.

Tracking and address changes

A dispatch email provides tracking once the parcel is handed over. Report an incorrect address as soon as possible; changes cannot be guaranteed after dispatch. Contact support if tracking has not moved for five working days, or if it shows delivered but the parcel cannot be located. We will investigate with the carrier; customers are not required to resolve retailer delivery issues alone.

Collection and split shipments

Wait for confirmation before collecting. Bring the order reference and collect within seven calendar days. If we split an order for operational reasons, we do not charge additional delivery. International, Northern Ireland and offshore delivery services are not currently offered; unavailable destinations are rejected before payment.

Delivery & garment care

Care by fabric and construction

Cotton jersey and sweats

CT-100, ST-110, LT-120, LS-130 and PT-140: wash at 30 C with similar colours and reshape while damp. RH-200, CS-210, ZH-220, QZ-240 and LJ-430: wash inside out on a gentle 30 C cycle and air dry. Avoid direct ironing over printed or bonded details.

Wovens and denim

HO-300, OS-310, FS-320, LB-330, DS-340, FC-400, SJ-410, CT-420 and TS-440: use a gentle 30 C wash. Wash denim separately for the first washes; colour transfer can occur. Linen blends may crease naturally. Avoid tumble drying stretch trousers.

Knitwear

CK-500 and KV-540: gentle cold wash, reshape and dry flat. MC-510, RC-520 and RK-530: use a cold wool cycle and wool detergent; do not wring or hang wet. Pilling can occur through friction and may be removed carefully with a knitwear comb.

Outerwear

FJ-230, TJ-600, PC-610 and GV-640: gentle 30 C wash and air dry; avoid fabric softener on the Trail Jacket. CB-630: gentle 30 C wash. WC-620: professional dry clean only. The sewn-in label takes precedence. Water-resistant does not mean waterproof.

Packaging and claims

Paper mailers and cartons are used according to order size. Supplier declarations support specific material claims; we do not make a blanket claim that all products are certified sustainable, carbon neutral or recyclable. No lifetime warranty is offered.
