Definitions

On-hand is physically counted stock, including allocated and quarantine units. Available = on-hand - allocated - quarantine. Inbound is accepted purchase-order quantity not yet received and is excluded from on-hand and available. Cost and value are GBP excluding VAT; value is on-hand multiplied by landed unit cost before any impairment.

Code	Warehouse bin	Weekly demand	Reorder point	Supplier

FJ-230	A-09-01	16	56	SUP-003
QZ-240	A-10-01	17	60	SUP-001

Replenishment rule

The working reorder point equals 3.5 weeks of expected demand, rounded up. Where available is at or below that point, review existing inbound commitments and expected receipt dates before placing another order. This is a review trigger, not an automatic purchase instruction. All stock is held at Sheffield warehouse WH-SHF-01.

Coverage

This variant extract covers CT-100, ST-110, LT-120, LS-130, PT-140, CK-500 and TJ-600. The four listed variants per family reconcile to the family totals. Other sizes/colours in those families have zero physical units at this snapshot. Variant splits for other families are not included; do not infer them from family totals.

Inventory & replenishment register

MIXED / INTERNAL MASTER | AL-MIX-01 | Version 2.0 | 11 November 2026

Reconciliation, movements and inbound controls

Control totals

30 product families: 4002 units on hand; 366 allocated; 42 quarantined; 3594 available; 550 inbound. Gross on-hand landed value is GBP 107,179.00. Available units reconcile as 4002 - 366 - 42 = 3594. Quarantine units remain in gross valuation pending inspection; this is not a final net-realisable-value assessment.

Reorder review

OS-310, CK-500, TJ-600. Idris Hale checks demand coverage and Owen Ellis confirms usable stock before Erin Shaw raises purchase requests. Cloud Knit has 60 units due 25 November; Trail Jacket has 90 due 2 December. Other inbound commitments are listed in AL-INT-03. None is available for immediate dispatch.

10 Nov movement	Code	Qty	Control
Receipt GRN-218	CT-100	+40	Matched to closed PO-1037
Customer dispatch	CT-100	-24	Dispatch batch DSP-446
Cycle-count adjustment	RH-200	-2	Approved by Owen Ellis
Return to sellable stock	FC-400	+3	Inspection batch QC-119

Count history

Movements above are an excerpt, not a complete roll-forward. CT-100 opened 10 November at 44 units, received 40 and dispatched 24, closing at 60; no physical movements occurred before the snapshot. Allocation is separate from physical movement. Last full count: 8 November. Next cycle count: 15 November. Quarantine reasons include packaging damage, stitching inspection and return assessment.

Internal distribution

Recipients: Operations, Finance, Buying and Warehouse. Costs, allocations, bins and incoming purchase orders must not appear in a public catalogue export. Reconcile stock balances before any campaign availability claim.
